Auditor’s Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Exhibit IV

Financial Year Ended June 30, 2018

Support of Functional Expressions

Planned and actual financial performance for the fiscal year ended June 30, 2018.
Note 1 – Nature of Organization and Significant Accounting Policies

Nature of Activities

The East River Development Alliance, Inc. d/b/a Urban Upbound (the Organization) is a not-for-profit community based organization dedicated to providing an array of community initiatives and programs to improve and develop economic, employment, social and educational opportunities and therefore improve quality of life of the residents and communities of public housing neighborhoods and underserved communities in the City of New York.

Programs and initiatives are designed to provide residents and communities the tools and resources needed to achieve economic mobility and self-sufficiency, and to break the cycles of poverty. Programs include employment services, workforce training and development, economic improvement, financial counseling, educational initiatives, youth development/college access initiatives and other community revitalization services and initiatives thru development of community incubator businesses and neighborhood banking access. Banking access is primarily through the Urban Upbound Federal Credit Union support and.

The Organization works with local community leaders and organizations, including but not limited to churches, schools, tenant associations, businesses and others to accomplish the mission and goals of the Organization and the programs.

Funding consists primarily of government pass-through grants, plus foundation and corporate grants.

Income Tax Status

The Organization was founded and established under the New York State Not-for-profit Corporation Law. The Organization is a tax-exempt corporation under Section 501(c) (3) of the Internal Revenue Code. The Organization believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

During the Fiscal Year Ended June 30, 2013 the Organization changed its operational name to Urban Upbound and received State of New York authorization.

Significant accounting policies followed by the Organization in the preparation of its financial statements are presented below:
Note 1 – Nature of Organization and Significant Accounting Policies (Continued)

Basis of Accounting

The Organization’s financial statements have been prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles. All of the Organization’s revenue is derived from direct public or government sources. Net assets and changes in net assets are classified based on sponsor or donor-imposed restrictions.

Support and Expenses

Contracts, grants, other funds received are measured at their fair values and are reported as grant exchange transactions or an increase in unrestricted, temporarily restricted or permanently restricted net assets, depending on the existence and/or nature of any restrictions. The Organization reports contracts, grants, gifts of cash and other funds as restricted support if they are received with grantor or donor stipulations that limit the use of the donated assets, are not contractual exchange transactions and designated as support for future periods. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Expenses are recorded when incurred in accordance with the accrual basis of accounting.

Cash and Cash Equivalents

Cash and cash equivalents primarily consist of interest and non-interest bearing demand deposit and savings accounts and money market accounts.

Fixed Assets and Depreciation

Equipment is acquired under restrictive grant funding provisions or with general administrative funds. All equipment acquired under grantor restrictions is primarily the property of the grantor and is retained by the Organization with the requirement that all equipment acquired be utilized in the performance of the project or related activity.

Administrative equipment is stated at cost or, if donated, at the approximate fair market value at the date of contribution. The cost, if exceeding the capitalized threshold, is depreciated and amortized over the useful lives of the assets.
Note 1 – Nature of Organization and Significant Accounting Policies (Continued)

Unexpended Project Advances
Advances received to fund projects’ expenditures to be made in a subsequent period are deferred, and revenue will be recognized during the period in which the expenses are incurred.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Donated Services and Goods
The Organization reports gifts of goods and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. The Organization receives significant amounts of donated services for general program activity from community members and are not recognized in the financial statements because they did not meet the criteria for recognition under generally accepted accounting principles.

During the Fiscal Year Ended June 30, 2018 in-kind contributed legal services in the amount of $2,234 were received and recorded and computer related equipment contributed in the amount of $63,393 was received and recorded.
