<b>Review</b>	<p>A new and exciting destination which is suitable for a family trip. This wonderful day trip takes place in Garama Village - Garama River, Sabah; located about 130km from Kota Kinabalu. It's about 2 hour ride from Kota Kinabalu. The highlight of this tour is ~ of course, seeing the remarkable Proboscis Monkey in the wild! Seeing the bizarre monkey with their natural behaviour in the mangroves is truly a wonderful experience.</p>
