Developing a strategic plan to be planted by Jesus.

- First, I must assess where I am now. Write out in your journal where you are currently planted in these four areas. Where do I spend my time? Who and what are my greatest influences in life? Do I have a God designed community around me in life? Where do I put my resources?
- After asking these questions and writing out the answers, decide what adjustments need to be made strategically to allow you to grow and mature.
- Take your time, write out details of your daily adjustments you want to make and give yourself a checklist of todo's if that helps remind you.
