SOF-TOUCH LAUNDRY SOFTENER

Product Description and Purpose

SOF-TOUCH is a concentrated, highly effective laundry softener, ideal for a wide variety of fabrics. Used properly, **SOF-TOUCH** reduces static cling and wrinkling. Due to **SOF-TOUCH'S** incorporation of the latest chemical advances in laundry technology, treated fabrics are especially noted for their softness and fluffiness and also for their excellent re-wettability.

Features/Benefits

- Safe on all fabrics not harmed by water
- Effectively imparts softness and re-wettability to treated fabrics
- Economical use dilutions
- Reduces static cling and wrinkling--makes ironing easier.

Surfaces Applicable

SOF-TOUCH is safe to use on cotton, linen, cotton-synthetic blends, nylon, orlon, and any fabric not harmed by water. **SOF-TOUCH** should not be used on woolens and other fabrics usually harmed by water.

SOF-TOUCH is highly recommended for use in all types of institutional and industrial laundry operations.

General Usage Directions

SOF-TOUCH should be introduced into the laundry cycle at the beginning of the first rinse. For each 10 pounds of laundry, add 1 1/2 to 2 fluid ounces of **SOF-TOUCH** depending on water conditions, type of fabric, etc. **NOTE:** When two wash cycles are used, add **SOF-TOUCH** at the beginning of the first rinse after the second wash.

Physical Properties

SOF-TOUCH is a light blue opaque solution. It's pH ranges from 6.0-8.0. The specific gravity ranges from 1.00-1.05. It contains wetting agents which enhance the effectiveness
