

Choose Your Color

AAON's Color by Architect program is all about choices. Make your rooftops any color you want and we've got you covered. Check out the color chart below, you won't believe how many options you'll have to choose from:

Click Here: [AAON Color Chart](#)

Our color options are incredibly durable. Each paint will pass the 2,500 hour salt spray testing by ASTM. This is 3-4 times better quality than the competition. The paint retains its color and gloss throughout the life of the equipment.

The bottom line is that we offer a quality product, at an affordable price, with longevity that beats any of the competition, so let our expertise come to work for you.

Some examples of our colors by Architect:
