Dear Friend & Supporter:

The past year has been the most challenging for all of us. The impact of the Covid-19 pandemic has drastically changed our lives. We have grappled with virtual vs in-person school learning, facemasks, social distancing, and vaccines.

The “*Covid-19 slide*” has impacted more learning loss than just the dreaded summer slide. The most vulnerable to both summer and covid slide are those children from low- to moderate income families. Our comprehensive curriculum is designed to address and increase the academic, social, physical, cultural and life-skills that will keep our summer youth engaged and excited about learning for seven-weeks and beyond. The best part is that they will have fun learning. That’s why this “**FUNraising campaign**” is so important and why we are asking for your gift of support that will help make this summer great.

Fifty-seven years ago, Alveta Houston Hawk, established this community-based organization with a vision that “*Great things would come from it.*” and “when you enter Hawk-Houston you are... entering a place where the talents, skills, interests, and abilities of each child are developed and nurtured to their fullest potential and learning is fun.

*In service to youth,*
