

How do I get the new Admission year to display?

The screenshot shows the 'Student Search' application window. The 'Additional Criteria' section has 'Admissions Year' set to 2018. The 'Go To' section has 'Enrollm' selected. A red arrow points to the 'Enrollm' dropdown menu. A yellow callout box contains the text: '2020 will display once a student is Accepted for 2020'. The table below shows student records with columns for Student Name, ID, Grade, AR Group, Status, Deposit Amount, Tuition, Other Amount, Scholarship Amount, Loan Amount, Family ID, and Address Code. The table is filtered to show 1076 rows.
