

FACILITATOR CERTIFICATION AGREEMENT

I acknowledge that I have completed the 18-hour Nurturing Families™ (NF™) facilitator training in its entirety, and I now feel both competent and confident in the 7-Step Fidelity™ Implementation of the Nurturing Families™ 2nd edition. I understand that this certification, allows me the to provide direct services to children and families using NF™ and applying the skills I have learned throughout this training. I also understand that now I am part of a bigger family and with this privilege comes the responsibility to serve ethically. I clearly understand that with this facilitator certification I cannot train other professionals to become facilitators. I also agree to use every opportunity to share with others the valuable information that Nurturing Families™ has to offer diverse families.

I commit to honor the fidelity of NF™ through facilitating discussions with individuals, families, and groups. I will adhere to the values and philosophy which I learned in my training. I will stay informed and notify the Family Nurturing Center of Texas www.nurturingfamiliescenter.org if I change jobs or my contact information changes.

I further acknowledge that I will seek to properly utilize the appropriate evaluation tools, service model and adhere to the recommended session dosage and frequency. I agree to work with my trainer before making any modifications to Nurturing Families. As a trained and certified facilitator, I commit to uphold the principles, values and philosophy of NF™ and to ultimately stop the intergenerational cycle of child abuse and neglect by teaching violence free behavior, to practice and to promote empathic nurturing interactions.

I will not re-print and/or distribute any facilitator manuals. Permission is granted to re-print and/or distribute the Family Workbook if you purchase the annual license through the Family Nurturing Center of Texas.
