

ST. FRANCES CABRINI GRADE SCHOOL

ALL THINGS THROUGH CHRIST

To: The Parents/Guardians of Cabrini Grade School Student
The Faculty of Cabrini Grade School

From: Lisa Pacholski, Principal of Cabrini Grade School

Date: July 2020

Subject: Management of asbestos insulation products and pesticide notice to those attending Archdiocese of Detroit Schools

As is required by the Archdiocese of Detroit, Cabrini Grade School has asbestos management plans prepared for our building. Accredited inspectors have checked the condition of any asbestos and have developed operations and maintenance procedures that will keep this material in good condition. These plans are available in the school/parish office.

As part of Cabrini Grade School's pest management program, pesticides are occasionally applied. You have the right to be informed of any pesticide application made to the school grounds of the building. In certain emergencies, pesticides may be applied without prior notice, but you will be provided notice following any such application.

If you need prior notification, please complete the information below and submit it to the school office:

Name: _____
Address: _____
City: _____
Email: _____
Phone: _____

Prior notification will be sent via email during the 2020-2021 school year.
