**MUTUAL AFFIRMATION OF PURPOSE

FINANCIAL RESPONSIBILITIES AND INSURANCE RELEASE AUTHORIZATION**

As a chiropractor, I recognize that all living things possess an innate intelligence, which orchestrates all healing, growth, and learning for that individual. I recognize that subluxations interfere with these transmissions, thus interfering with the proper functioning of the organism. When released, the potential stored within subluxations leads to greater ease and increased awareness. I choose to help people express better health by detecting and correcting these subluxations. I recognize that the presence or absence of symptoms or dis-ease is not necessarily an indication of the quality of health, nor is it an indication of the presence of subluxations.

I recognize that symptoms are a part of an intelligent process, serving both as integral parts of the healing mechanism, and as signals to alert the individual of the need for change. I do not treat symptoms, conditions, or ailments other than subluxations. I will not venture into the practice of medicine by advising about the need for alterations of medications. I suggest you speak with your medical physician to determine the objective and goal to be obtained by receiving the medical treatment. Determine if this is consistent with your desire for wellness at this point and time. Your medical physician may guide you in changing any medication or treatments you are taking to accommodate for your changing body-mind.

Consistent with these concepts, I choose to help each individual member of my practice to a greater level of wellness, empowerment, and healing by locating and adjusting with whatever technique appears most honoring to that individual.

Sincerely,

Grace Johnstone, D.C.
Rick Eschholz, D.C.

I have read this statement of purpose and understand its contents. I understand that the adjustments offered in this office are not a replacement for diagnosis or treatment provided by other types of practitioners. I understand that I am not being treated from any condition or symptom other than subluxations. I therefore accept chiropractic care on this basis.

I assume full responsibility for paying for the care and services I receive here should my insurance company, for any reason, elect not to pay. I have read and understand the fee schedule offered at this office. We may charge interest on balances that are 30 days or more overdue. This is computed at the rate of 1 ½ % per month (18% APR) on the total amount owed.

Additionally, I authorize the release of any medical or other information necessary to process insurance claims.
