Questions for Parents

• What language did your child learn when he/she first began to talk?

• What language does your child most frequently speak at home?

• What language is spoken by you and your family most of the time at home?

* If a family responds to these questions that a language other than English is used, they will be contacted to schedule a time for an English language proficiency test to be administered. The results of the language screener determine if a student is eligible for the English as a Second Language Program
