

The Overture

September 2018

Hello choir families, and welcome to another year of joyful music! We'll be working on many units throughout the year, including rhythm with instruments, note reading through games, and of course, songs to celebrate all the seasons of the church year.

We will also be performing a children's musical for the advent/Christmas season and I will have all the dates and info for that within the next month.

The choir newsletters will be online again this year, and should be easier to locate on the church website. But I will always have them here for you outside the choir room, so you can pick one up here. New newsletters come out after each performance so you always have up to date info for your calendars.

Here are your dates for September:

- September 13- Choir begins with a casual open house rehearsal

- September 20- Robe fittings during choir
- September 30- we sing in church at the 10:30 service. Please be here at 9:45 to get robes on, warm up, and line up.
