## VIDEOS ARE MORE INTIMATE

Just like Insta stories and Snapchat, people love watching how others live, interact to different topics, etc. Many are looking for motivation, inspiration and information. Your Youtube videos can attract them.

## EXTRA SOURCE OF TRAFFIC

Youtube videos are great for search engine optimization. When people search for topics on search engines, Youtube videos are usually the first to come up. Why not have your video available to be seen. Having a Youtube channel also helps to attract a new audience.

## EXTRA SOURCE OF INCOME

While building your subscribers, you can build your bank account. Large companies will pay you for their ad to be on your video.
