Woman Owned Small Business

Corporate Overview

Founded in 2006, Aesa Consulting is a telecom and technology boutique consulting firm that provides clients with certified, experienced professionals to implement and deliver cost effective business solutions addressing the challenges Agencies face with Network Modernization, Cloud Migration, and EIS Transition.

Having saved clients over \$4B in IT spend through modernization and cost recovery services, our proven methodologies and experienced team can support the largest, most complex Agency with solutions to modernize their network, migrate to the cloud and significantly reduce IT spend.
