Cancel Culture

- Never before more than today is it exceedingly important to vote with your pocketbook
- You will either help a business that supports your values, or you will enable more censorship by funding their censorship and attacks on our liberties

Proposed March Levy's

- Lockdowns have saved them substantial money, yet all the burden of sudden home school arrangements has been placed on parents causing financial hardship on top of job losses, furloughs or reduced income.
- On top of all the nonsense the CDA School District caused with counsel a child against the parents will, they want us to reward them with:
 - Coeur d'Alene, \$20,000,000 per year for two year
 - Post Falls, \$4,995,000 per year for two years
 - Lakeland, \$9,520,000 per year for two years
 - Kootenai Joint School District, \$725,000 per year for two years
- The CDA School District just moved the meeting to discuss the counseling issue to March 15th, after the March 9th Levy Election
