

# 20/20 SWIPE

PC27001GL, PC2700A

**20/20 Swipe** is a scratch free cleaner formulated specially for aircraft transparent plastic windows and canopies. **20/20 Swipe** meets MIL-C-18767A and AMS1535C. **20/20 Swipe** can also be used on plastics in automotive and boating applications.

## APPLICATION

Spray **20/20 Swipe** in a light and even application. Wipe the liquid off with a soft dry cotton polishing cloth twice and follow up with polishing the surface to a shine. For best results, please consult with UPI/ Nuvite technical staff to recommend optimal processing conditions.

## BENEFITS

- Helps prevent hazing and discoloration
- Anti-static, and anti-glare
- Works on all plastic window applications
- Non-toxic, non-abrasive, and not flammable
