

Member Blitz Days

Membership Rewards for New Members *and* Current Members

(November 16, 2017) NWSEO is growing even stronger thanks to our dedicated members and the information they share about the work of our professional organization. Across the country, our members are uniting together to write their and NWS Regional Directors, Senators, and Representatives; interviewing with local media, sharing their story of severe staffing shortages with barely enough personnel on station to provide the basic weather services, watches and warnings. Because of your membership support, earlier this fall, over 120 jobs and the important work of ITO's, Climate Prediction Center (CPC) and Tsunami Warning Center employees were saved by the legislative efforts of NWSEO and General Counsel. And, NWSEO is 100 percent committed to developing, negotiating, and eventually ratifying a new Collective Bargaining Agreement (CBA) which promotes better working conditions, career promotions for NWS employees, and participation in collective bargaining. Our CBA Negotiation Team could not be effective at what they do without your membership support. Additional NWSEO perks such as the NWSEO negotiated \$300 Health and Wellness benefit for all NWS employees and the members' only **HotelStorm** website offering up to 60 percent off hotel rates are a few of the benefits members recognize as the work of our professional organization.

We are Thankful for You!
