Ranking Member Elijah Cummings
Oversight and Government Reform Committee
2471 Rayburn House Office Building
Washington, D.C. 20515

Dear Chairman Issa and Ranking Member Cummings:

On behalf of the nearly five million federal and postal workers and annuitants represented by the national member organizations of the Federal-Postal Coalition, we respectfully urge you vote in favor of the Wounded Warrior Federal Leave Act (H.R. 5229) when it is considered by the Committee today. This bipartisan legislation would provide sick leave up front to first year federal employees who qualify under the Department of Veterans Affairs (VA) as 30 percent disabled or more upon their employment.

As you know, federal employees begin their service with zero sick leave, accumulating four hours of sick leave a pay period, resulting in a maximum of 104 hours at the end of their first year. While this is typically sufficient for most employees, disabled veterans enter federal service facing multiple medical appointments and ongoing treatment necessary for their conditions and also to maintain their VA-Disability rating. Our organizations have seen dedicated men and women exhaust their sick and annual leave for this purpose. By allotting 104 hours of sick leave up front to first year federal employees in their first twelve months of federal employment, these men and women will not have to take leave without pay in order to keep these appointments.

H.R. 5229 includes a use-it-or-lose-it provision, ensuring that unused time would not carry over into the employees' second year. Further, all leave used under this bill must be certified as used toward the employees' service-related injuries. For example, if the disabled veteran needs to take leave to treat the flu or take their child to a pediatrician, they would use regularly accrued sick leave, like all other federal employees.

This legislation would provide a small but helpful head start to our nation's men and women who have already made significant sacrifices while in the military, who then continue to serve their country with the federal government. We respectfully urge you to vote in favor of H.R. 5229 during the committee markup on Wednesday, September 17. If you would like to discuss this further, please contact the Federal-Postal Coalition Chairman, Bruce Moyer, at bruce@moyergroup.net. Thank you for your time and consideration of our views.

Sincerely,
