Cross Country Ski Areas Association
www.xcski.org
These national standard signs indicate relative difficulty of ski trails at each area. Please choose trails appropriate to your ability and fitness.

Rentals Most nordic centers rent ski equipment. We have noted the exceptions in the Directory. Snowshoes and children's pull sleds may also be available to rent. Inquire about available rental gear before leaving home.

Lessons Since most cross country ski areas offer lessons, we don’t mention it in each listing. Be sure to ask when lessons are available. After a couple hours of instruction you’ll have the skills for a lifetime of enjoyment. Instruction helps even an experienced skier to improve.

Dogs On Trails Not all nordic centers are able to welcome skiers with their dogs. Many ski area trails cross private property and protecting access for skiers is of primary concern for the nordic center. Please inquire with the ski area before bringing your dog.

Snowshoeing Most cross country areas invite snowshoers to use their trails. Some nordic centers designate trails specific for snowshoers. Be sure to ask which trails are for snowshoeing. If the trails are shared with xc skiers, stay off the groomed tracks and yield to skiers.
