This class is open to CURRENT students ages 7 and up.

MIND-BODY-SPIRIT

Many students come to learn that Karate is not only a sport but a way of life. Becoming a Black Belt is more than a test of your physical knowledge and material. It is also a practice of mental fortitude and discipline.

The path to becoming a Black Belt is challenging, but all serious martial artists strive for it and are determined to reach that goal. This is a program to further a student's knowledge and abilities along the path to becoming a well rounded martial artist and black belt. This club is open to all students who have the dedication and definitive goal of becoming a Black Belt.

This club will allow all members, regardless of rank, ages 7 and up, to have added training time with instructors. They will learn higher rank material ahead of their current curriculum, learn valuable teaching skills, experience Okinawan weapons training, attend sparring seminars, and advanced self defense seminars. We as a team will also prepare for school demonstrations, tournaments and testing.

Each member will receive a Black Belt club patch to be worn on the left shoulder of their Gi to signify their dedication to reaching their goal. "This is a Black belt school! We are dedicated! We are motivated! We are on a quest to be our best! OSU!"
