

MADISON ELECTRIC COMPANY REMAINS OPEN TO SUPPORT YOU AND YOUR BUSINESS!

Hours 7:30am-4:30pm

Madison Electric has taken the following steps to ensure the safety of our associates and our customers:

➤ DAY –TO- DAY BUSINESS

Inside sales and all account representatives are working remotely and available to help you. Please feel free to continue to call our main phone number and your call will be forwarded to the proper associate's cell phone.

All associates that are working in our buildings are practicing social distancing, washing hands, and disinfecting surfaces frequently.

➤ COUNTER BUSINESS

Due to the increase in Covid-19 cases, all our locations have returned to curbside pick-up or delivery only. Please call your branch location to place an order and for pick-up.

➤ DELIVERIES

Delivery drivers have been instructed to stay on the dock. Pens/pencils will NOT be shared.

➤ RECEIVING

All new material coming into any location will be unloaded using machinery (e.g., forklift) where possible, or by an employee wearing gloves. The material will be set aside and not touched for 24 hours, after which it will be wiped down and made available for order fulfillment.
