

Amplified Sciences Earns Most Fundable Company Designation by Pepperdine Graziadio Business School

October 14, 2021, LOS ANGELES – Amplified Sciences, Inc. is thrilled to announce that it is among 16 startups to be recognized on the [Pepperdine Graziadio Business School's](#) fourth annual [Most Fundable Companies®](#) List. Amplified Sciences competed against over 3,300 early-stage US companies and was named in the silver category among the winners. The Most Fundable Companies initiative aims to educate founders on the investor diligence process and recognize exceptional entrepreneurs who are solving today's problems with inventive solutions and are also seeking investment capital to fuel their company's growth.

“We are an in-vitro diagnostic Midwest based startup with ambitious goals to help patients and clinicians worldwide who need better tools for detecting devastating disease earlier. Recognition by the prestigious Pepperdine ranking as an investable startup helps improve our funding prospects and brings us one step closer to our first commercially available test,” said Diana Caldwell, CEO of Amplified Sciences. “The Most Fundable Companies initiative was a rigorous process providing us with a data-driven analysis and roadmap for private investment. We are excited that the Pepperdine Graziadio Business School is focused on supporting startups and giving entrepreneurs a platform to showcase their business and set them up for success with investors.”

As a winner on the Most Fundable Companies List, Amplified Sciences will be profiled on Entrepreneur.com and will be featured in the December print issue of the magazine. For a complete list of the winners, visit www.pepperdine.edu/mfc-list, where you can also vote for Amplified Sciences as the “crowd favorite” through November 1.

About Amplified Sciences

Amplified Sciences is a startup life science diagnostics company focused on detecting and preempting the risks of debilitating diseases, thus providing health providers the ability to treat patients earlier with better outcomes. The company has operations in West Lafayette, Indiana, leverages technology licensed from Purdue University, and has developed a platform that scales to point of care. About Most Fundable Companies

The Most Fundable Companies List is an annual program hosted by the Pepperdine Graziadio Business School aimed to promote startup business development by providing pathways for startup funding and inspiring entrepreneurial spirit across the nation. More than 3,300 companies across all 50 states applied for the 2021 program. The Pepperdine Graziadio Business School's Most Fundable Companies Showcase presented by the Singleton Foundation for Financial Literacy and Entrepreneurship took place on October 14, 2021, virtually at Pepperdine University.

The Most Fundable Companies program was launched by the Pepperdine Graziadio Business School in 2018 as a free resource to help entrepreneurs assess their readiness for private investment. The initiative involves a multi-phase assessment that evaluates several company variables, including financial projections, market opportunity, intellectual property, and the strength of the management team, all of which are used to generate objective and customized feedback and scoring to improve readiness for funding. Pepperdine Graziadio Business School's Most Fundable Companies is powered by The Venture Alliance.
