For the 3rd year in a row, officials have worked out at Challenge format to bring the best Late Model Sportsman drivers from the Midwest for a big CRA LMS vs. ShadyBowl LM Challenge.

In the spirit of co-operation and trying to make things work, but still remembering its a points event for CRA, officials worked to build a set of rules for the event with compromise on both sides.

“CRA LMS vs. ShadyBowl LM Challenge” Rules Package:

Base Weight: 2800 ALL chassis types / All weights after race

Left Side: 58.0%

Spool: Deduct 50 lbs

Maximum Treadwidth: 79.5" (78" or less allowed .5% more left side)

Crate Engines: Deduct **25 lbs** and allow .5% more left side

Engine Set Back: 4" for ALL packages

Crank Height: 10"

CRA or Shady Bowl Spec Shock/Spring Package: Deduct **75 lbs**

Radios: Allowed

Dry Sump: Allowed

Tires: Hoosier D800's or American Racer 970

Wheels: 8" wheels can deduct **75 lbs** and add .5% left side / max 10" wheels allowed

Minimum weight for All Cars with deductions: 2625 lbs

Additional CRA Rulebook Detailed Weight Breaks or Penalties: NONE

Standard CRA rules for all other items

Teams are not required to purchase Annual CRA Membership. Teams that raced 1/2 the Shadybowl events in 2021 are eligible for the CRA Members discounted \$25 entry Fee

To Receive the Discounted Entry Fee, **all teams must pre-enter by email** to: glenn.luckett@gmail.com
