

Diversity Policy
United Way of Southwest Alabama

The United Way of Southwest Alabama is dedicated to meeting needs throughout our entire community and representing all segments of the areas we serve. We are committed to being diverse and will demonstrate this by continuously enhancing and developing unbiased processes, and by forming inclusive committees, boards, panels, and work teams. Our volunteers and staff want to be accountable to and welcoming of all people served by UWSWA. We believe this will enable us to reach all the skills, talents and resources of our community and serve our members more effectively.
