

Our Goals

Our staff members are experienced, reliable, and guided by a moral compass; they are interviewed several times and go through a rigorous background check.

Most can administer medication, and all are CPR and First Aid certified, and required to take 8 hours of training within the first 90 days of employment.

We at Ellis Services are attempting to add to the individual's quality of life, and lighten the responsibility of care giving. We offer opportunities for independence through care and support.

"Build the village, keep the village healthy, watch the prosper."

We are currently serving ALL individuals receiving a Level I, SELF, & I/O waiver

Our Services

Our staff specialize in working with consumers that have multiple diagnoses, Autism (all spectrums: PDD -NOS and Asperger's), ADHD, ADD, OCD, ODD, bipolar disorder, Cerebral Palsy (CP), and many ranges of developmental, physical, and/or intellectual disabilities.

We provide care to children and adults, and we are experienced in transitioning a consumer from living at home to living independently. We have staff available 24 hours a day, seven days a week; holidays included.

Our experienced staff is willing to face any challenge while striving forward to meet the needs of the individual and their family.
