

LET'S GO SHOPPING!

Name: _____

Draw three items you would like to shop for. Estimate how much you think each item will be and write them below.

#1	#2	#3
\$ _____	\$ _____	\$ _____

Start by standing on the Hundred Number Grid Mat or get out your Desktop Sticker.

Throw a beanbag on the Hundred Number Grid or roll a die to find the "actual price" of each item. Write the actual price of your items below.

ACTUAL PRICE:

#1 \$ _____	#2 \$ _____	#3 \$ _____
-------------	-------------	-------------

Find the difference between the estimated and actual price of each item.

Difference = Estimated Price - Actual Price

Write the difference below:

#1 \$ _____	#2 \$ _____	#3 \$ _____
-------------	-------------	-------------
