## EDUCATION

2015–2019 Seattle  
**UNIVERSITY OF WASHINGTON**  
B.S. Computer Science &  
B. Des. Interaction Design

## EXPERIENCE

2018 Summer  
**AMAZON**  
SDE Intern

Built an onboarding troubleshooter with AWS services and Reactjs. Gives onboarding customers actionable feedback on their network configurations, so that they can onboard to our security service efficiently. Received return offer.

2016–2017  
**TASKAR CENTER FOR ACCESSIBILITY TECHNOLOGY**

Undergrad Researcher, Mobile Developer

TCAT is an accessibility research group at the University of Washington. I focused on UI/UX and development of a data collection react-native mobile app to mark geographic features that may cause difficulty to people with disabilities

2016–2017  
**AFTER SCHOOL PROJECTS**  
Co-founder, Web Developer

Co-founded a collaborative art collective. Helped organize, market, and orchestrate local art shows. Designed and developed a preliminary website. Worked together with a partner to develop a successful and marketable brand strategy.

2016–Present  
**CHRISTIAN STUDENTS ASSOCIATION**  
Club Officer, Webmaster

Coordinated with other club officers to organize and orchestrate club events. Proposed and implemented website changes. Still taking the lead on shifting the brand of a 40+ year old campus club.

## ACHIEVEMENT

2015–Present  
**DEAN'S LIST**

Given to students with a cumulative GPA of 3.5+ throughout the academic school year.
