

Cooking in the Kitchen with Nina

Nina's Cooking Class Program for Widows or Widowers (WOW):

Greetings: I am starting a new program for Widows and Widowers called **WOW**.

As a Christian, we are taught that we are to take special care of widows and widowers. I have been wanting to bless this group for years, so, with that in mind, I want to provide cooking classes, a meal and a safe environment (with a bit of entertainment thrown in) for this special group for **free** or a **reduced fee**.

If you are a widow or widower who likes to cook and/or eat . . . and you would enjoy a night out, please consider my cooking classes.

My classes are a great way to make new friends, too. Each month I will be offering a special class for widows and widowers.

Sometimes I will offer these at lunch time and some in the evening, so please watch my schedules each month. The demonstration-style cooking class will include learning to make one recipe that will be served with other foods to round out the menu.

These classes will be held in my home.

The first class you take, will be **free**! And any classes you take after your first will be only \$10 (normally a \$25-fee class).

Please invite other widows or widowers (friends) to join you for these classes. This special fee is only offered for classes designated for WOW.

Just call Nina to register for your **free** class at 319-393-7675, or you can send an email to me at: swankohler@cs.com for these classes. For your second, third (and so on) classes, you'll also be able to register online.

Sending blessings your way,

Nina

- Please tell your friends about my WOW program so I can offer them these classes. If other people want to take one of these classes, but they're not a WOW, then the class fee is \$25.
