**Nina's Pop-Up\* Restaurant**

If you are tired of the ordinary dining-out experiences in the Cedar Rapids' area restaurants and frustrated with noisy restaurants where you can't even talk with your friends *without yelling across the table*, then please consider a unique dining experience – one where you'll be able to enjoy a quiet and peaceful atmosphere, with a delicious menu of your choosing, prepared for your enjoyment.

\*A "pop-up" restaurant is a restaurant on occasion.

***Dinner is served!***

These meals are priced per person and can be served in *Nina's dining room* or prepared and served at *your home*.

If you choose to dine in Nina's home dining room, you won't even have to tidy up your home before the party.
