"It was like Netflix:" How an all-night negotiation ended Denver's first teachers strike in 25 years

The strike-ending agreement was the result of 31 hours of bargaining over two separate sessions that stretched into three days, with the final push for a new contract coming with the district and union teams locked up separately updating from just before 8 p.m. Wednesday to around 5:00 a.m. Thursday.

Denver teachers can begin voting Tuesday on the tentative wage agreement that ended their strike.
