

# How Electronics Unlimited is dealing with the Covid-19 Virus

At Electronics Unlimited, we take the safety of our customers and our staff seriously. While this is true every day, it's especially important in this time of heightened concern. Because our services play a vital role in the marine industry, we will be remaining open during this time. But you can rest assured that we're taking steps to minimize the impact of COVID-19.

Below you will find a brief outline of our plan for addressing the virus. If you need Service or Sales, please call us at [\(954\) 467-2695 for Fort Lauderdale or Stuart 772-247-1000](tel:9544672695)

## How Electronics Unlimited is Working to Protect You

Per the CDC and WHO guidelines, we are making some changes to our normal operating procedures. We will also be adopting rigorous cleaning protocols during the outbreak. While these adjustments may seem inefficient or awkward, they're necessary to ensure the health of those we serve.

- **Staff Care:** Any employees showing symptoms will be asked to remain home until medically clear.
- **Scheduling Questions for installations and Service:** When you call to make an appointment, our office team will ask if anyone in your home or on your vessel has had a fever or has been diagnosed with COVID-19 . Please note that answering "yes" to any of these will disqualify you from service or installations at this time.
- **Distancing Efforts:** If there is no need to meet the technician or installation team at the vessel's location, we encourage our customers to coordinate with our office staff to allow access to help minimize face-to-face contact.
- **Area-Based Responses:** While we will continue to service everyone in Fort Lauderdale and Treasure Coast areas, we will take extra precautions around areas deemed high-risk by the CDC.

## Regarding Scheduled Service Calls and Installation Visits:

We will reach out to you before our visit to outline the above procedures.

At Electronics Unlimited, we value your peace of mind. We understand the current situation may be more concerning for some of our clients than it is for others. If you would prefer, we're happy to reschedule any preexisting appointments. To do so, please call us at [\(954\) 467-2695 for Fort Lauderdale or Stuart 772-247-1000](tel:9544672695)

**Our Planning Standards:** Electronics Unlimited will be updating our web page regularly as the situation develops. Please check your email and follow us on social media for any updates. If you have any questions regarding this policy or wish to discuss our COVID-19 response plan in more detail, please call [\(954\) 467-2695 for Fort Lauderdale or Stuart 772-247-1000](tel:9544672695) or email [Info@elec-unlimited.com](mailto:Info@elec-unlimited.com)

We appreciate your patience and understanding.

Thank you, The Electronics Unlimited Team
