NH Solar Shares

Local program is accepting applications to become a Solar Energy Shareholder

Are you interested in solar energy, how to save energy in your home and want to give back to the environment?

There is no fee, ever, to participate. Shareholders will receive a credit on their electric bill between $20–$25 a month

Applications available now at Whole Village Family Resource Center and Plymouth Senior Center.

In partnership with NH Electric Cooperative, NH Solar Shares is building small solar PV arrays one community at a time, inspired by a task force of local volunteers and funded through charitable donations, grants, business sponsorships and donated space. The first Solar Shares array will be located at the Common Man’s Frosty Scoops Ice Cream Stand in Plymouth and will provide 10 income eligible NH Electric Cooperative members with a monthly solar share credit on their bill.

NH Solar Shares, LLC is a subsidiary of the Plymouth Area Renewable Energy Initiative—a 501-C-3 Not for Profit Tax Exempt Charitable Organization.
