

Local Program is Seeking Applicants to become Solar Energy Shareholders

NH Solar Shares is a fun program that is installing solar panels in our community so more people can receive solar energy and reduce their electric bill. We are looking for community members who want to join **NH Solar Shares** and become a shareholder. Solar shareholders will receive a **monthly credit** on their electric bill between \$20–\$25 a month.

- The program lasts for two years.
- There is no fee, ever, to participate.
- Shareholders must have an interest in learning and sharing information about solar energy, energy conservation and how clean energy helps our environment.

Are you interested in becoming a Shareholder? If so, please answer the questions below:

1. Do you have an electricity account in your name with the NH Electric Cooperative?
 Yes No Unsure
2. Did you receive NH Fuel or Electrical Assistance? Yes No Unsure
 If not, do you know if you are eligible?
 Yes No Unsure
3. Do you live in the Plymouth/Campton/Wentworth area?
 Yes No Unsure
4. Are you interested in saving energy in your home?

1	2	3	4	5
Not interested	somewhat interested		highly interested	
5. Are you interested in learning about solar energy, and how electricity is made from the sun?

1	2	3	4	5
Not interested	somewhat interested		highly interested	
6. Do you have solar panels at your residence currently? Yes No Unsure
7. Does your electric bill for the entire year (out of pocket cost) total over \$350 a year?
 Yes No

Name: _____

Address: _____

E-Mail: _____

Phone Number: _____

Please note: **NH Solar Shares** has a limited number of slots and an application lottery may be necessary. Applications are accepted year round and when received, you'll be notified of your application's status. Your information will remain confidential and it will be up to you whether to move forward with the second part of this application process.

MAIL THIS APPLICATION TO:

NH Solar Shares
 PO Box 753
 79 Highland Street
 Plymouth, NH 03264

NH Solar Shares' second community solar PV array is located on the roof of Appleknockers General Store in Warren.
