*Our goal is for all children and their families to feel welcome and comfortable at St John's. We strive to provide an environment where our children are excited to be members of our faith community. We provide "activity bags" at both entrances of the church so that children may grab one as they enter church to read, color, and/or play with during the worship service. For some children, we know that being given an opportunity to "fidget" during the service will enhance their ability to focus. We are making "fidget items" available in both entrances of the church for any children who would benefit from this strategy as they participate in our services.*

*Please remember to return these items as you leave church so that they will be available each week.*

*We have also created a “soft space” in the front of the church where children can sit and see the service better. We believe that children can participate more fully when they can see and hear better. Please sit near the space but not with your children in this space.*

*Do not worry if they need to walk around in a quiet way or go up by the altar. They are checking out the space and learning.*

*We hope that these strategies and materials will help enhance the inclusion and participation of ALL of our children. It is important to us that we foster a community where ALL are welcomed, supported, and feel valued.*

*Christ’s parting words to us were about love. We are called to love one another, to serve one another, and to celebrate the beauty of ALL humanity. My prayer for St. John’s is based on the belief that Christ challenges us to be a beacon of love and hope in our world. This begins with our children. Your children are an integral part of St. John’s. Jesus said, “Let the little children come to me, and do not stop them; for it is to such as these that the kingdom of heaven belongs.”*

*Blessings,*

*Shawn M. Schreiner, Vicar (priest)*
