

HILTON
Kuala Lumpur, Malaysia

Traffic's a mess in the city, but it's Friday evening and the last thing you want is to be stuck in a gridlock for hours. Luckily, this weekend is different: you've booked a staycation at Hilton Kuala Lumpur right next to KL Sentral, just a short LRT or taxi ride away from the office. A business traveller property doesn't seem like an obvious choice for a staycation, but we all know this old saying to be true: the best gems are always hidden. Hilton KL's executive suites, complete with a roving view of the Lake Gardens and key city landmarks, provide a spacious and cosy home away from home as a kick-off point for a few days of great food, spa recreation, city exploration or whatever you want your staycation to be—as far as we're concerned there is no rulebook on what to do during a staycation. What is certain at Hilton KL is that

foodies will rejoice at the plentiful opportunities for an exciting gastronomic adventure at any one of the hotel's critically acclaimed food establishments. Whether it's premium Wagyu cuts and hand-selected dessert cheese platters, or award-winning cocktails served in a coconut shell and home-made, to-die-for *dim sum*, one weekend isn't enough to do justice to all the restaurants on the property. And with that much food, you'll need to work some of it off at the gym, or take a dip in the landscaped pool with a fun slide that even the adults will find entertaining. Don't forget to squeeze in spa time for a massage, a salt scrub or a facial designed for men. After all, what would be the point of a staycation if you don't get a little pampering in before the weekend is up?
