

Tenant Notice to Landlord

Notice of COVID-19 Impact

This notice is pursuant to the City Council of the City of Chicago, COVID Eviction Protection Ordinance, which passed on the 17th of June 2020.

I, Terri Tenant, am hereby notifying you, my landlord, Lonnie Landlord, that I have been financially impacted by COVID-19. The financial hardship I have endured has impeded my ability to pay my rent as agreed upon in the lease.

This notice extends the 5-day notice for non-payment of rent by 7 days. Before an eviction case is filed in court against me, you must make a good faith effort to solve this payment problem, such as offering a payment plan giving me at least 60 days to pay for each month I am behind or discussing a resolution with a mediator.

Further, free mediation services are provided by the Center for Conflict Resolution, a nonprofit community mediation center. CCR can be reached at 312-922-6464 x22, or by emailing newcase@ccrchicago.org.

I look forward to speaking with you on how we can best work together to resolve this matter.

Thank you,

Terry Tenant
