

SUBSURFACE WASTEWATER Training Opportunities

Join us in **Bangor** at **the Cross Insurance Center** on **Wednesday, December 7th**. We have classes specifically designed for the code enforcement offices, local plumbing inspectors and site evaluators. Our speakers are Brent Lawson, State Plumbing Inspector, Maine Subsurface Wastewater Unit and Ken Stratton, Natural Resources, Site and Soils Evaluator and Project Manager, Main-Land Development Consultants, Inc. The classes include:

Forms, Forms, Forms: What the Heck Do I Do With All These Forms???

- ◆ HHE200
- ◆ Variances
- ◆ Other Forms

It's a TRAP!! All Designed to Make Us Clean Up Our Act

- ◆ Grease traps
- ◆ Filters

ATU's, UFOs and Other Ways of Getting Rid of Irritable Problems!

- ◆ They theory behind ATU's
- ◆ Types of ATU systems
- ◆ Determining final sizing of septic disposal fields
- ◆ No UFOs will be discussed

Construction Techniques and Chapter 11: Get It Right or We Throw the Chapter 11 Book at You!

The right way to install septic systems.
