

**MAINE ASSOCIATION OF SITE EVALUATORS
FALL FIELD DAY 2021
September 16
Damariscotta, Maine**

MASE is pleased to announce that we are hosting our annual field day in person this September. Time to reconnect with other Site Evaluators and grab those necessary CEU's, we hope you will join MASE for some test pit reviews along with donuts, coffee, and a great lunch. We are looking forward to having several Licensed Plumbing Inspectors and Code Enforcement Officers at the event this year! The MASE field day will be held on September 16th at **20 Abbie Lane in Damariscotta.** (<https://goo.gl/maps/f4BjjUvJjG3QBTPt6>). The field day consists of independent reviews of several test pits, that will be followed up with lunch, a presentation, and a group discussion. Maps and test pit logs will be handed out at the registration table. Please register online (<https://forms.gle/yX64H8UYQePqhext6>) and pay through PayPal (<https://www.paypal.com/paypalme/MaineSiteEvaluators/10>), or bring cash or check to the event for payment. Attendance certificates will be provided at the event. Any questions please contact the Executive Director (maseexecutivedirector@gmail.com) or Natalie Marceau (nmarceau@gartleydorsky.com) directly.

Field Day – Thursday, September 16, 2021
