

The questions for the week of 06/13:

1. The Holy Spirit told us to "Remove the word 'haste' from our vocabulary" Pastor told us patience is feasting and fasting at the same time. What do the Holy Spirit's words and Pastor's words teach us about us and patience?
2. Pastor talked about: God being patient, how parents need to be patient with their kids and us being patient with ourselves. Talk about times that a) you experienced God's patience in your life, b) as parents when you did or didn't show patience to your kids and, c) how at times you gave up on yourself.
3. Pastor listed three elements of patience. They were: Cultivation, Continuation, and Concentration. Look at how each one was practiced in the parable Jesus told found in Mark 4:26-29. Then discuss how we need to practice these three elements of patience in our lives.
