

Insurance and Financial Options

We are committed to providing all of our patients with exceptional dental care. If you do not have dental insurance or if your insurance company will not pay us directly we have the following options:

Payment by cash, check, or credit card at the time of treatment.

We accept Visa, Master Card and Discover Card.

If your insurance is a PPO and you are able to choose your dental provider, we will assist you in obtaining the maximum benefits possible from your plan. (Our office is considered an out-of-network provider.) For diagnostic and preventive treatments we will accept assignment of benefits" and will require you to pay any balance within 60 days. For more extensive treatments, we will submit a pretreatment estimate to your insurance company. They will let us know in advance the portion of the fee for which you will be responsible. Your portion will be due at the time of treatment.

I authorize the dentist to release my records to third party payors and/or health practitioners. I authorize and request my insurance company to pay directly to the dentist any insurance benefits otherwise payable to me if it is allowed under the terms of my plan. I understand that my dental insurance carrier may pay less than the actual bill for services. I agree to be responsible for payment of all services rendered to me or my dependents.
