

To Whom it May Concern:

My Name is Michael T. De Martin, I am retired United States Navy Chief Petty Officer. And with a tremendous feeling of pride and admiration I am writing this letter of endorsement in support of Congressional Candidate to the U.S. House of Representatives, Rebecca Keltie who will honorably serve and represent the wonderful American constituents of Colorado's Congressional District 5 with focused purpose and distinction.

I had the honor and privilege to serve with Ms. Keltie while we both served in the United States Navy. During my time stationed with Ms. Keltie, she was already serving in a leadership role. She was my leader. Her dedication and commitment to duty were unyielding and unshakeable. But more importantly, it was her dedication to the people that she was in charge of and her veracity and conviction to push those people to see the greatness in themselves that she saw which guided and molded the future leadership of her junior sailors. I looked at her as a mentor during our time in the Navy, and still do. Ms. Keltie is one of the very few people that I feel are responsible for myself attaining the rank of Chief Petty Officer. I believe that her selfless attitude, and putting the goals, needs, and desires of her people before her own fostered a dynamic cohesion in our unit that created a desire for outstanding competitive individual achievement for the junior sailors that reported to her.

It is this component which makes Ms. Keltie an exceptional candidate for the U.S. House of Representatives. I have never known Ms. Keltie to put herself first. I have always known Ms. Keltie to stand by, and stand up for the people she represents. She will always look out for you, the American constituents of Colorado's District 5. I can say from my experience working with Ms. Keltie, she will immerse herself into the position, because she has a staunch belief in doing her part to make your vote count and heard. To make the changes you want so you can have a better community and a better America. And on this, she is passionate. The needs of the people of District 5 will always have priority, but more than that, she will always want to hear your concern and suggestions because she believes that everyone working together can and will build that better community, and better America. You will never be disappointed in her ability to hear you because she will not hide from you, she is an absolute believer that YOU, the wonderful people of her district is who she serves, not Washington D.C.

Ms. Keltie is relentless in her convictions to do right by all the people in District 5. I can tell you from experience working with Ms. Keltie, that you have a wonderful opportunity in the form of a candidate that stands up for what she believes in, and stands up for what you believe in. Unlike some other politicians that try to run, or deflect uncomfortable issues, Ms. Keltie only employs honesty. I have never known her to lie. It is my humble opinion that the best person running in this congressional race for District 5 is Rebecca Keltie. I have seen the positive impact she brought to all of us that served with her in the Navy, and I know you will not be disappointed in your decision to elect her as your Representative. If anyone has any questions regarding Ms. Keltie's abilities, please do not hesitate to reach out and contact me. I welcome it and I invite. I would be happy to share the most positive attributes of this great American running for the U.S. House of Representative. Thank you.

Very Respectfully,

Michael T. De Martin
Chief Petty Officer, U.S. Navy (Ret).
