

Your Executive Committee met yesterday. In observing the CDC recommendations for no more than 10 persons congregating in one spot at the same time; and, with the announcement from Liisa Itkonen that COMPASS will not be hosting any outside meetings through March and April 2020, the meetings for March 25th and April 22nd are hereby canceled and hopefully can resume meeting June 24th.

When we reconvene, COMPASS has offered use of its downstairs Conference Room since FACTS has outgrown the upstairs Conference Room.

In the meantime let's keep one another apprised on the continuing progress on easements to access Eagle Island State Park and communicate by email with one another on other projects. Secretary Sharon Hubler is happy to be the conduit for information so that we at least virtually have contact.

On behalf of
Bill Gigray, president
Gary Payne, vice president
Phil Peterson, treasurer
Sharon Hubler, secretary
