“Old Florida”

Your "Island Time Lifestyle" starts here, with a Stearns Custom Builders home. Pine Island is one of the last, unspoiled islands along the Gulf Coast that still has the “Old Florida” charm.

Whether it is a “Florida Cracker” cottage style, or a larger “Contemporary” style full time residence, Stearns Custom Builders can create it. We work with our clients from design all the way through completion, to ensure that your home is everything that you have ever dreamed of.
