PRODUCT INFORMATION

MAGNA DECARB INDUSTRIAL GRADE DEGREASER

Function: Heavy Duty Degreaser	Application: Heavy grease and grime	Form: Liquid
------------------------------------------	-----------------------------------------------	------------------------

DESCRIPTION

Magna DeCarb is a safe and powerful Industrial Grade Liquid Degreaser formulated with water-soluble solvents, emulsifiers and wetting agents.

Magna DeCarb keeps degreasing efficiency high while avoiding most of the risks common in powerful cleaners.

Magna DeCarb combines maximum degreasing power with anti-corrosion properties.

FEATURES

- **Magna DeCarb** is non-explosive and, unlike petroleum, can be heated without danger. It is free from fire risk under all practical conditions.
- **Magna DeCarb** does not emit fumes like chlorinated solvents. It is not highly volatile and evaporates very slowly, giving off mild vapours. At room temperature the evaporation of **Magna DeCarb** is minimal.

APPLICATIONS

Diamond Drills, Tools, Parts, Machinery: The industrial grade degreaser should be allowed to soak into unwanted grease for 10 – 15 minutes before rinsing with water.

Fuel, Oil and Grease Spills: Spray concentrated **Magna DeCarb** and allow to soak in for 15 to 30 minutes before rinsing with water.

Wall Surfaces: Dilute 1 cup of **Magna DeCarb** in a bucket of warm water. **Magna DeCarb** will leave a perfectly clean wall without affecting the enamel paint.

Fuel Oil Burners: Soak the fuel oil burner in concentrated **Magna DeCarb** for about ½ hour for a full-strength effect. Remove and rinse thoroughly with water.

Concrete Floors: Spray on affected area and agitate with brush or leave to soak for 15-30 minutes then rinse off.

Restaurants: Cleans Exhaust Fans inside and out, hoods, cooking equipment, deep fryers. Spray on **Magna DeCarb** and leave for a few minutes. Wipe off and rinse. Cleans grease off floors and surrounding areas.

Excellent for Interior of Vehicles, Transports, R.Vs and Boats:

For Exterior: Removes asphalt, tree sap, grease, oil, bugs and diesel soot from exhaust stacks. Spray on and wipe off.

For Interior: Removes stains on walls, floors, ceramics, appliances, vinyl, leathers, plastics, blinds, enamels, brass and more.

MAGNA DECARB is an excellent engine shampoo.

DIRECTIONS FOR USE

- According to the grease accumulation condition **Magna DeCarb** can be used either in its concentrated form or it can be diluted with 5 to 10 parts of water.
- To achieve faster result in degreasing hot water is recommended as the diluting agent. However, cold water will work perfectly well also.
- Use in concentrated form for floors and stoves. Wipe up immediately.

PACKAGING

- 4L Jug
- 20L Pail
- 200L Drum

Manufacturing Facility
1450 Government Rd., West
Kirkland Lake, ON
P2N 2E9 Canada
