PRODUCT INFORMATION

MAGNA MAXI-WASH CONCENTRATED CAR SHAMPOO WITH WAX

Function: Wash and Wax	Application: Vehicles	Form: Viscous Liquid
----------------------------------	---------------------------------	--------------------------------

DESCRIPTION

Maxi-Wash is a highly concentrated liquid cleaner specifically formulated to be used with or without pressure washing equipment.

Maxi-Wash is formulated with powerful detergents, emulsifiers, wetting agents, water conditioners and rinse additives for rapid and thorough cleaning.

Maxi-Wash economically cleans large and medium-sized vehicles.

FEATURES

- **Maxi-Wash** will clean and dissolve grease, oils, road film, insect residues, smoke and soot stains
- When used with pressure washing equipment it provides effortless cleaning and rapid penetration through layers of build-up leaving a streak-free surface after rinsing
- **Maxi-Wash** minimizes the effects of corrosion and will not harm painted surfaces

APPLICATIONS

Maxi-Wash is used in a wide variety of industrial and institutional facilities such as truck fleets, auto and truck rental agencies, bus garages, commercial car washes, car dealerships, equipment rental companies, farm equipment, mobile home and recreational vehicle dealers, vehicle maintenance shop and aircraft dealers.

DIRECTIONS FOR USE

1. Remove vehicle from direct sunlight and allow to cool before washing
2. Thoroughly hose down vehicle with water
3. Add 1oz of **Maxi-Wash** to a 2-gallon pail of warm water
4. Apply suds solution to car using a soft car brush, sponge or wash mitt
5. Start washing at top of car working down
6. Wash a quarter section of vehicle at a time before rinsing with cold water
7. **DO NOT** allow suds to dry on car
8. Wipe wax film off windshield and windows then dry with a chamois or let air dry

PACKAGING

- 4L Jug, 20L Pail or 200L Drum

Manufacturing Facility
1450 Government Rd., West
Kirkland Lake, ON
P2N 2E9 Canada
