Due to the anticipated volume of applicants, please refrain from contacting Dream4Adoption to follow up on your application status. Dream4Adoption works to keep all applicants up to date through website posts or on FaceBook.

We must always anticipate limited funds compared to the amount of applications received. Unfortunately, not every application will be awarded a grant, although we are working toward and would love to grant monies to every qualified applicant.

All applications must be completed in full and filled out in blue or black ink or by **software compatible fill in**. Failure to complete 100% of the application can lead to disqualification of the grant process. Please take the time to review the paperwork carefully as many times as you need to make sure that all applicable information is included.

Each applicant must affix initials and signatures with blue or black ink on the forms where indicated. Failure to sign or initial the documents, would result in disqualification.

Check or money order payable to the order of Dream4Adoption for \$25, completed application, and all supplemental documentation must be included in the package and postmarked by the deadline.

Any payment that fails to clear our FDIC backed banking institution, will require applicant to reimburse all fees as charged by said banking institution. Any additional fees charged by any outside institution for applicant to make payment, is the responsibility of the applicant.
