The Computer- A Machine

page 1

THE COMPUTER—A MACHINE

Machines are made by us to make our work easy to do.

A **computer** is a very useful machine. We can listen to music, watch movies, type, play games, draw, and solve sums with the help of a computer.

The parts of a computer need electricity to work. Hence, a computer is called an **electronic machine**.

How many computers do you see in the picture below?

Ans: **Three**

Do you find any computer part missing? **Yes** If Yes, what is missing?

..... **Mouse**
