

Q What will you do to rotate the text in cell to a 25° angle?

A: Follow the steps given below, if you want to align text to 25° angle

1. First click Format cell Alignment option
2. The Format Cell dialog box appear with the alignment tab selected.
3. Under Orientation, using the mouse drag the pointer to the required angle
i.e. 25° .
- 4 Click on OK.
