

B'nai Mitzvah Service & Program Attendance Tracker

Please see page 12 in the B'nai Mitzvah Family Handbook for an explanation of these requirements.

Remember, attending 18 services/events is the bare minimum needed for effective preparation. We encourage you to attend more as it will dramatically help students feel more comfortable and confident.

In order to effectively monitor students' preparation efforts, we need families to communicate about student service attendance using the online tracker found at <http://www.tbieugene.org/page/b-nai-mitzvah>. This sheet is for your personal record keeping.
