

Employers Who Use Our Services Say...

We had a lot of support from the Arc to help integrate our new employee. We didn't have any issues, but if we did, the support would certainly be there! They even had a job coach to help with the transition. That was certainly a selling point for my boss.

-Brian Nelson, World Wide Technology

Ashley is a hard worker and always does a good job in the Fitness Center. She loves the YMCA members and staff and they fell the same way about her.

-Joan Carr, YMCA South County

Farrah is friendly, pleasant, on time and willing to help us out even on her days off. She gets along with her co-workers and has made friends in other departments too.

-Mary Obermann, Mercy Hospital

When Michael joined our team it was emotionally uplifting for the entire staff!

-Joe Burris, Car Credit City
